All the figures on this page have been designed from the excellent Book

ARMIES OF THE MACEDONIAN AND PUNIC WARS written by Phillip Barker. This Book is available from us or any good book shop at £1.25p plus postage

Phillip Barker who is the Secretary of the Society of Ancients, is an acknowledged expert in this period of history. His research in conjunction with his Wife Sue, is long, thorough and detailed so we have no hesitation in accepting the authenticity of all the information contained in the Book. Without this Book and regular visits to the Design Department by "The Barkers" this Company could not produce such accurate figures.

We would point out that as figures appear in the PB Range so the corresponding figures in the Ancient Range elsewhere in this Catalogue will be phased out in favour of the more accurate designs.
